

Greg Swartz

Senior Reliability/Quality Consultant, CQE Instructor, Ops A La Carte

Greg has worked for over 20 years in the fields of statistics and process improvement, as a Consultant and Trainer. His consulting experience includes working with a number of Biotech, high tech companies, Aerospace, and Defense. His expertise includes analysis of technical data, a hands-on approach towards design of experiments, and Failure Analysis, e.g. with Ops A La Carte for Semiconductor Equipment. Greg was a Sr. Quality Program Manager at Sun Microsystems for 6 years. Mr. Swartz has worked in the fields of Applied Data Analysis (ADA) techniques, yield improvement, quality assessments, and reliability studies. Additionally, Greg has a background in software reliability, CMM, and Software Product Life Cycle (SPLC).
